## Panel discussion: Regional Aspects of Adaptation

**Alberto Troccoli**  
CSIRO Marine and Atmospheric Division  
NATO Workshop, Iceland, June 2010

## Strategic adaptation: Flooding gates in Venice

Venice

Mouth of the Lido

Mouth of Malamocco

Mouth of Chioggia

## Tactical adaptation: Seasonal forecast for hydrology

- River Po level dropped by 20-30% in early 2000s
- A few years later the Civil Protection (Office of the Prime Minister) set-up an expert working group to provide climate outlooks for the coming season for their operational hydrology decision making process
